Dear Meridian School Supporter,

For 40 years, The Meridian School has been dedicated to academic excellence, critical thinking and social responsibility.

With nearly 200 students in kindergarten through fifth grade, The Meridian School’s mission is to promote a balance of mind and heart in our students, preparing them for the real world challenges ahead.

Beyond a strong academic foundation, children graduate from Meridian as socially responsive, curious and creative young people who are well-prepared to affect change throughout their own lives and the lives of those around them.

Meridian will be celebrating our 40 years of achievement at our annual Auction scheduled for March 25th, 2017, at The Four Seasons Hotel in downtown Seattle. **Please help support our students by contributing to our school’s auction today.**

The money raised at this critical event goes towards financial assistance for families, customized learning support for our students, and increased service-learning experiences that deepen our students’ understanding and appreciation of the world around them.

A core value that we share with our students is the importance of giving back to the community. This can be seen each year through our service learning program where, as a whole school, we determine a community needs project that our students study and work towards solving. In years past, examples have included partnering with Seattle’s Family Works, Washington Green Schools, Seattle Parks Department, and Wellspring Family Services.

We hope that you will be inspired by the work our students are doing and will help our school continue to provide the exceptional education our students receive.

Please consider supporting our students and our school’s mission by contributing to our most important fundraising event.

Thank you for your support,

The Meridian School
